

I WAS THINKING ABOUT YOUR NOT WATERING ...

I was thinking about your not watering the garden

Do you mind giving me a book ?

Do you mind my giving you a book ?

What do you say to a cake ?

What do you say to having a cake ?

The pleasure of having done so , was great

The pleasure of your having done so , was great

Taking advantage of your not being here

I didn't think of your knowing so little

After having done that, I started crying

We talked about your having finished that book

It was no good my writing letters that he couldn't read
